## **Your Monthly Ward Promises and Neighbourhood Priorities.**

Monthly Ward promises, address local community issues to which police are capable of providing a response, without the need for long term activity or requiring little, if any, partnership working.

Examples include: dealing with minor disorder caused by youths congregating; or speaking with partners to remedy issues caused by lack of attention.

Three Ward promises will be set each month and used to inform the neighbourhood priorities set by the local neighbourhood Police Inspector.

Monthly promises and their impact will be reviewed and set at panel meetings, made up of representatives from the local community and attended by police.

If you are interested in becoming a neighbourhood panel member please contact us.

Neighbourhood priorities will involve more complex solutions requiring medium to long-term and/or partnership approach to problem solving.

These will be set and reviewed quarterly in conjunction with Borough crime priorities. Ward panels, and 'Ward Public meetings' will be held once every three months.

Police will provide update on problem solving activity affecting the community.

Information about your local Neighbourhood Priorities that have been set and the actions taken to tackle them is available on line at the above respective ward team links.
