LBH Response to Heathrow 3rd Runway

Commenting on the publication of the Airports Commission's report on expanding aviation capacity, the Leader of Hounslow Council, Cllr Steve Curran said:

"While we have been opposed to a bigger Heathrow, either by the addition of a third runway or a relaxation on runway operations and night flights, we nevertheless want a better and successful Heathrow. But we will continue to push for the very best noise protection and pollution control measures for our residents – and in particular, our schools.

"This recommendation by the Airports Commission will obviously have a huge impact on Hounslow. We will analyse the report in detail and, in due course, consider it thoroughly at a special meeting of councillors. We will also be seeking the views of our local MPs. We will then be able to give a full response.

"What we can say now, however, is that we welcome the report's recommendation that the new runway should come with severe restrictions to reduce the environmental and noise effects, including a noise levy, and that night flights would be banned.

"We also want to say that we have recently developed a positive and productive relationship with Heathrow, which has resulted in many improvements for local people – both in terms of noise protection and employment opportunities. We hope this will continue."

Green Spaces Under Threat

A school plan threatens a former playing field at the old Conquest Club site, Osterley. The chairman of the Nishkam School Trust said:

"A massive number of extra secondary school places are needed in Hounslow by 2019. The process of finding a site has taken over 18 months, during which time we looked at 197 sites. The land is currently in a state and is prone to fly-tipping. We want to regenerate it, while maintaining all the woodland. We're not planning to cut down any trees."

Opponents say that brownfield alternatives are available and the site was not included in Hounslow's local plan.
